Reviews

It is great and fantastic. Better then never, though i am quite late in start reading this one. Your life period will likely be transform once you comprehensive reading this book.

(Blanca Davis)

BABY NAMES: THE WAY THEY SHOULD BE ORGANIZED!

DOWNLOAD

Createspace, United States, 2013. Paperback. Book Condition: New. 198 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.Updated for 2015! The Social Security Administration comes out with their data for the previous year every May. This book is newly updated with the 2014 rankings. The first thing you ll notice about this book is the way it is organized. My book is not alphabetical by first letter. This made it harder for me to put together, but I do believe it will be much easier for expecting parents to read through. The names in my book are alphabetized by their ending sounds. For example, the boy names Casey and Pacey are now next to each other. There are over 2800 names here, but my lists are not padded with alternate spellings of the same name, i.e.: Rachel and Rachael. If it doesn t effect pronunciation, I ve only listed a name once. Some people like traditional spellings, some like names spelled phonetically, and some like to really mix it up. I will leave that up to you. By clustering names with the same ending, you ll get a better feel for a name you re considering. Look at Dana, Danna, Deanna, Deena, Dena, Diana, and Dinah. One letter change can make a big difference. You ll clearly see the most common naming patterns we use, such as the use of -ah endings for girls and -er endings for boys. Do you like a traditional name, but would like a funky variation on it? It s easily done using this book. Next on the agenda, are you really considering naming your child Gormilleah or Cluneah? In my book, not EVERY possible name is listed. If you want to slog through 10,000 names in alphabetical order, be...
