Located just behind a tissue-thin layer of normalcy, its corrosive influence seeps through. When the demons stir to life, an item dropped on a marriage bed opens up the phantasmagoric regions of hell. A trapped young man waits for the ringing of an antique telephone that signals life or death. An abused child fights back with a deviant strain of household pest. A lonely woman transforms computer data into a real boy, but defragmenting him may be the only way to save him. A victim leaps from a kidnapper s car into unknown realms where death and identity change places at will. Through an ancient rite she thought was harmless, a modern woman unleashes a timeless evil. The violent death of a provocative woman shocks her conventional family, but nothing can kill her addiction. Demontorium Series, books one and two combined. Nine cautionary tales meant to tighten your grip on the thin layer that separates you from inhabitants of the Demontorium.
