Excerpt: .of three times three thousand millions of miles. So that from the first planet, with its year of three months, and solan distance of thirty millions of miles, to the last revolving in the outer darkness, the relation to the number three still holds its remarkable place. There may be some mystic symbolism in these numbers, for all Nature is full of symbolisms, if we could only find the key. And in these immense orbs and orbits there is no vagueness, no element of chance; all is ordained with the precision of a mathematical intelligence and designer. With regard to the duration of life in the other planets, one cannot avoid hazarding some curious speculations. If the inhabitants, like man, are given about three-score revolutions round the sun as the period of an ordinary life, then, in Jupiter, the natural life would be seven...
